

ADDITIONAL INFO

Thanks for coming to the Alternative Invasion Games session. If you need a visual for the games presented, you can look on my website wilkespe.com. There are videos of Fresher, Angleball and Pass Out in the "PE Videos 3" section. I will try to put up videos of the others shared as I cover them during the school year.

I would recommend viewing the site on your desktop, my site doesn't seem to work as well from a phone.

Feel free to contact me with questions, ideas or suggestions. My email is listed on my site.

You can view additional games I use by searching on PE Universe, the original PE Twitter.

On Twitter I mostly retweet the philosophical musing of where PE should be heading. The older I get the more I'm turning into a PE hippie. You can find me @strand_noel
